Hippo Info Answers

A hippo spends most of the day in the water. They can spend sixteen hours a day in water, keeping cool. They live in Africa. They are good swimmers. Their eyes, ears and nose are all near the top of their heads, so they can still see, hear and smell even when they are nearly completely under the water.

Hippos eat grass. They are so large, they need to eat a lot of it.

In the evening, they get out of the water to eat.

A baby hippo is called a calf.

Hippos have very powerful jaws and can even crush a crocodile!

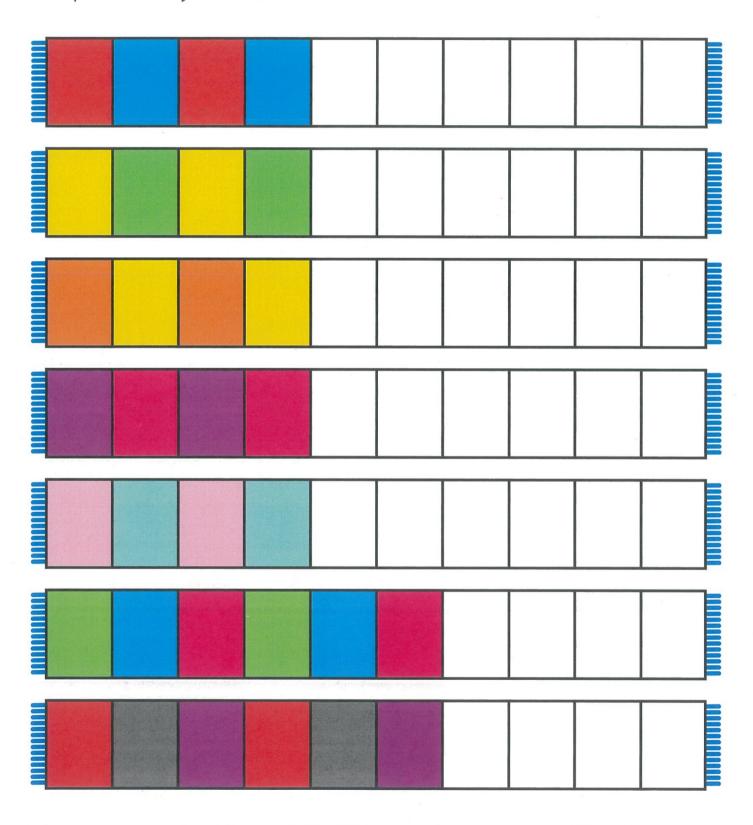

They can live for forty years.

My Daily Emotions Log

Task: After watching the Youtube video from this weeks Powerpoint and learning about different types of emotions, select three days of the week that you wish to keep a log of.

Each day, choose two words from the list to describe how you feel today. Can't find your emotions there? Feel free to use other words.

Day of the week: I think these feelings are:

both positive

negative and positive

I feel this way because

positive and negative both negative

What can cheer you up or help you stay happy today? Draw them below.

EMOTIONS LIST

angry annoyed anxious ashamed awkward brave calm cheerful chill confused discouraged distracted excited friendly happy hopeful lonely loved nervous offended scared thoughtful tired uncomfortable unsure worried

My Daily Emotions Log

Day of the week: I think these feelings are:

- both positive
 - negative and positive
- I feel this way because
- positive and negative both negative

What can cheer you up or help you stay happy today? Draw them below.
