2021 Student Representative Council (SRC)

At Brooke Avenue Public School, we believe that students should be active citizens in a school community where their opinions are heard and respected. The SRC provides a fantastic opportunity for students to learn leadership skills and connect with their peers.

What is the Student Representative Council (SRC)?	The SRC is a NSW Public School tradition where students are elected to represent their peers in school decision-making. Students and staff work together to improve school life and contribute students' ideas.
Who can become an SRC representative?	Any student in Years 1 to 6 can nominate and be elected to become their class SRC representative.
What commitments are involved if my child is elected?	Students must commit to attending fortnightly meetings during break times. There may also be student-led activities and additional responsibilities involved which may require students to give up their playground time .
How can my child become an SRC representative?	Students should prepare a one-minute speech on the following; <i>"Why should you choose me as your SRC representative?"</i>
When will the speeches be presented?	Speeches will be presented in class on Friday, 19th February .
Who can I contact with any questions?	For further information, please contact Mrs Wellfare

Mrs Gabby Wellfare
